

## Quick Reference Guide - Passives

### Ceramic Capacitors

- General Purpose ..... C
- High-Q ..... HQN
- High Voltage ..... HVC
- Low Inductance ..... LIC

### Resistors

- Anti-Sulfuration ..... CRS
- Current Sense Low Value ..... LCR
- Current Sense Metal Foil ..... CSMF
- Current Sense Metal Strip ..... CSMS
- Current Sense Ultra Low Value ... ULCR
- General Purpose Thick Film ..... CR
- High Resistance ..... HMCR
- High Voltage ..... HVCR
- Precision High Value ..... PHCR
- Rectangular Thin Film ..... TFCR
- Trimmable ..... TRCR
- Ultra Precision Thin Film ..... UPTF

### Resistor Arrays

- Arrays ..... CRN

### Tantalum Capacitors

- General Purpose ..... TCM
- Low ESR ..... TCR

### Thermistors

- NTC Type ..... NTC
- General Purpose Multilayer ..... MLF
- Low Value Multilayer ..... LMCI
- Molded Wire Wound ..... NL
- RF Wirewound ..... MRFI

### Choke Coils

- Common Mode ..... CMCC

### Ferrite Beads

- General Purpose Multilayer ..... FBM
- High Current Multilayer ..... FBC

### Engineering Kits

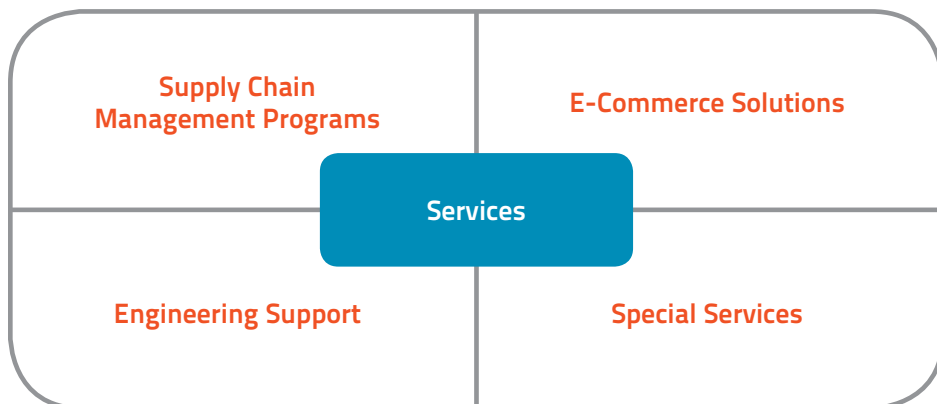

## Quick Reference Guide - Services

Venkel sells direct to the customer but also offers services and flexibility commonly associated with distribution. We offer several services to support engineers and purchasing personnel such as Supply Chain Management (SCM) programs, E-Commerce Solutions, and other Support Services.

Our Services group is fully equipped to handle all of your Supply Chain Management needs. Our dedicated staff is constantly working to align your ERP demands with our inventory and production schedules.

Venkel's Services are designed to:

- Reduce absolute inventory and increase working capital
- Decrease part shortages
- Save you time
- Reduce lead times and improved Time To Market (TTM)
- Improve inventory tracking and receipt capability

Ask your Account Manager how Venkel can help your company manage its supply chain for passive components.
